On the occasion of the Rotterdam Art Week 2013, *Standard Euro* will make an appearance in the form of a temporary self-contained unit, *InfoRaum_100 Reden* (InfoSpace_100 Speeches).

Launched in 1997 under the title *Standard Euro* was an endeavor by the Berlin artist *Anne Metzen*, devoted to researching and systematizing everyday phenomena and daily world affairs under the aspects of standardization, scaling, and formalization.

Representing the system as a whole the category *DerVerein_Politiker* (TheSociety_Politicians) will debut to a broader public.

The exhibition is featured by *Isolde Nagel / A TRANS*, Architect-in residence of the Goethe-Institut Niederlande 2012.
